Dear Mike:

I don't seem able to get you on the phone anymore. Anyway I prefer sending you this copy through the mail, as there are a lot of things to go on the card different from the usual run.

First of all, I guess you have heard, we are playing two of the World Series games in the east the first week. I want both of the games on the card I will use in Jersey.

It might not be bad to use a picture of Satchell and Day if you have one. Not a big one and do not say anything about them, just their names underneath. I would not like many pitchers. In fact there is a lot of writing, and won't be room for pictures anyway.

I want you to send 400 here to Newark, 25 to Moore in Patterson, 25 to Larrimore in Trenton, 25 to Jersey City, and take 25 to my brother at 1445 South St. Philadelphia to his clothing store. I am going to get him to take some to Atlantic City for me. Please try and get them out Monday, as we have a very little time.

I understand Pompey has ordered other cards for New York.

After we play these games here, we will go to Kansas City for the 22nd and 23rd. We may stop in Shibe Park on our way back if the series lasts, and Gottlieb can get a date.

Please get these cards out right away.

Thank you sincerely
